

YOUR STYLING & SELECTIONS GUIDE

Where all the little things add up to the perfect day

CEREMONY

Our ceremony spaces are designed to feel beautiful, thoughtful, and easy to personalise.

Included in your hire are 24 chairs, with the option to add more if needed. You can choose between classic white Americana chairs or our Walnut Cross Back style, depending on the look you're after. A round signing table is also included, along with two chairs to match your seating selection.

We'll style the aisle with your choice of floral arrangements in hanging vases. You can select from three styles: assorted florals, soft babies breath, or romantic peonies.

Our white Americana chairs look beautiful at both The Pavilion and Garden ceremony spaces.

Our Walnut Cross Back perfectly compliment our Garden ceremony spaces.

Beautifully Designed Stationery

To help you bring a personal touch to your table settings, we've created a collection of four beautifully designed stationery styles: Classic, Golden Flower, Soft Greenery, and Pink Flower. Each one has been thoughtfully designed to complement a range of wedding styles and colour palettes.

You can choose how you'd like your guests' names to be displayed—printed directly on the menu, placed on a flat lay card, or attached with a paper ribbon using our unique staple-free finish. Whichever option you choose, we'll take care of everything behind the scenes, so it's one less detail for you to organise.

Acrylic Table Numbers

We also offer the option to add acrylic table numbers to your setting.

With a classic, clean design, they blend effortlessly into your table décor. Subtle enough not to distract, but clear enough to help guests find their place with ease.

Classic Design

A timeless choice that works beautifully across a range of wedding styles. To personalise this design, opt for a matching flat name card, or go bolder with a black block name; either printed directly onto the menu or attached with a paper ribbon to elevate your place settings with a modern edge.
